Notes

1. ****Identify the Correct Face Side:** ****** Ensure you distinguish between the face and the sawn back side of the brick. The correct face will feature a fired clay surface with remnants of used mortar, typically displaying variegated colors, some with texture or paint. 2. ****Achieve a Uniform Blend:** ****** Always draw brick from multiple sleeves simultaneously to achieve a well-blended appearance. 3. ****Clean the Bricks Thoroughly:** ****** Wash each brick on both sides before installation. Although the bricks undergo rinsing after cutting, some dust may remain. 4. ****Plan Your Layout:** ****** Arrange the bricks on the floor according to how you'd like the colors to blend on the wall. Instruct your installer to follow this pattern. 5. ****Utilize Broken Brick:** ****** Use any broken brick from the shipment for end cuts. Since used bricks may arrive with a few broken pieces, we include extras to...
