https://prosoco.com/ Clean with masonry-safe methods. Test all cleaning products on a small inconspicuous area first

Storage & Handling

Store dry, covered, and elevated from grade. Protect from jobsite contamination

Notes

1. **Identify the Correct Face Side: ** Ensure you distinguish between the face and the sawn back side of the brick. The correct face will feature a fired clay surface typically displaying variegated colors, some with texture or paint. 2. **Achieve a Uniform Blend: ** Always draw brick from multiple sleeves simultaneously to achieve a well-blended appearance. 3. **Clean the Bricks Thoroughly: ** Wash each brick on both sides before installation. Although the bricks undergo rinsing after cutting, some dust may remain. 4.
