Smokey Antique Historic Hand Thrown

Division 04 Masonry, Section 04 21 13 clay facing brick

A rough, tumbled, or reclaimed texture with irregular edges and uneven faces, giving them a rustic or antique look rather than a modern, smooth finish. Shades of charcoal, slate, and medium grey, with subtle white or light grey variations across the surfaces.

Specification Data

Division / Section	Division 04 Masonry, Section 04 21 13 clay facing brick
ASTM	C1088 MW Interior

Install in accordance with applicable masonry standards, local codes, and project specifications

Storage & Handling

Store dry, covered, and elevated from grade. Protect from jobsite contamination.

Mortar Recommendations

Use mortar type and joint profile specified by the design professional. Mockups are recommended.

Notes

1. **Identify the Correct Face Side: ** Ensure you distinguish between the face and the sawn back side of the brick. The correct face will feature a fired clay surface typically displaying variegated colors, some with texture or paint. 2. **Achieve a Uniform Blend: ** Always draw brick from multiple sleeves simultaneously to achieve a well-blended appearance. 3. **Clean the Bricks Thoroughly: ** Wash each brick on both sides before installation. Although the bricks undergo rinsing after cutting, some dust may remain. 4. **Plan Your Layout: ** Arrange the brick on the floor according to how you'd like the colors to blend on the wall. Instruct your installer to follow this pattern. 5. **Utilize Broken Brick: ** Use any broken brick from the shipment for end cuts. Since used bricks may arrive with a few broken pieces, we include extras to ensure you have sufficient material..
