Texas Flashed Common

Division 04 Masonry, Section 04 21 13 clay facing brick

The face of the bricks is very smooth and uniform, indicating a wire-cut or extruded manufacturing process rather than a tumbled or textured finish. A warm terracotta red orange, accented by occasional color variations a muted tan brick and a darker brownish gray. Disclaimer: Because these are reclaimed used bricks, variations and imperfections are to be...

Specification Data	
Division / Section	Division 04 Masonry, Section 04 21 13 clay facing brick
ASTM	C1088 SW Exterior
Supplier	Triangle
Brick / Stone Type	Thin Brick Brick
Typical Sizes	King Size Thin Brick

Visual Characteristics	
Color Range	Terracotta
Texture	Textured

Applications

Residential or Commercial Exterior walls, Accent walls, Backsplash, Wine Cellar, Man Cave

Available Products

King Size, Thin Brick

Texas Flashed Common

Division 04 Masonry, Section 04 21 13 clay facing brick

Physical Properties

Verify project-specific requirements before installation

Installation (Standards / Codes)

Install in accordance with applicable masonry standards, local codes, and project specifications.

Mortar Recommendations

Use mortar type and joint profile specified by the design professional. Mockups are recommended.

Cleaning

https://prosoco.com/ Clean with masonry-safe methods. Test all cleaning products on a small inconspicuous area first

Storage & Handling

Store dry, covered, and elevated from grade. Protect from jobsite contamination

Notes

1. **Identify the Correct Face Side: ** Ensure you distinguish between the face and the sawn back side of the brick. The correct face will feature a fired clay surface typically displaying variegated colors, some with texture or paint. 2. **Achieve a Uniform Blend: ** Always draw brick from multiple sleeves simultaneously to achieve a well-blended appearance. 3. **Clean the Bricks Thoroughly: ** Wash each brick on both sides before installation. Although the bricks undergo rinsing after cutting, some dust may remain. 4. **Plan Your Layout: ** Arrange the brick on the floor according to how you'd like the colors to blend on the wall. Instruct your installer to follow this pattern. 5. **Utilize Broken Brick: ** Use any broken brick from the shipment for end cuts. Since used bricks may arrive with a few broken pieces, we include extras to ensure you have sufficient material..
